Hello Mr. Davies

From Ivan Morgan 22 Sergison Road Haywards Heath

I sent an objection query yesterday regarding the above planning application. My concern was with the driveway car parking extension. I have now found the diagram showing this in the planning proposal. It would appear that the road will still be shielded by foliage even after cutting back which was my concern. However the plan is very small and the text even smaller so is very difficult to read on my laptop. I think a need to make the text bigger please. Also I only saw the planning notice outside the property 2 days ago whilst walking past. My neighbour at No. 24 was completely unaware of these proposed changes and he lives diagonally opposite. I thought the council was supposed to inform all residents by post that could be affected by any changes so that they are aware and can then put in an objection if necessary.

Regards
