Subject: RE: WSCC/012/26/DIS1 Noise Management Plan

Hi Andrew,

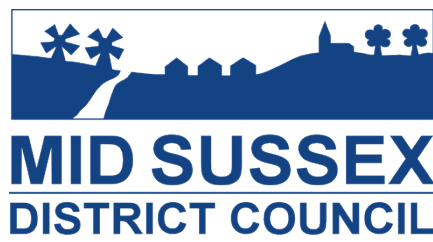

I've reviewed the submitted Noise Management Plan. The plan places responsibility on the school, coaches and organisers to supervise and manage activities, promotes considerate behaviour by users, and prohibits amplified music, public address systems and external loudspeakers. In my view, this satisfies the requirements of Condition 5 and I have no objection to its discharge on Environmental Health grounds.

I don't believe WSCC has any EHO's. If they do, they don't come along to the Sussex meetings.

Kind regards,

Oliver

Subject: FW: WSCC/012/26/DIS1 Noise Management Plan

Hello,

This consultation is from WSCC in relation to Oathall School (our reference DM/26/0830) and the discharge of condition 5 of their approval in relation to noise management. I attach the WSCC Decision notice.

Please can you look at the attached Noise Management Plan and provide me with your comments so I can respond back to County.

Bit odd they are asking us as I assume they have their own in house EHO team?

Kind regards,

Andrew Horrell BA (Hons) MSc Town Planning
