Subject: DM/25/2884 Land Adj. to 48 Wyckham Way, Haywards Heath

Dear Stefan,

I have had a look at the information provided with this application and can't see anything tree related. If trees will be affected by the proposal, then please could you request a Tree Constraints Plan, Tree Protection Plan, Arboricultural Impact Assessment and if necessary, an Arboricultural Method Statement.

Please reconsult me once these have been provided.

Kind regards

Emma
