With regards to the proposed 600plus car park that Scientology is proposing for Saint Hill, in East Grinstead. I have visited there on a number of occasions and for extended periods of time. I've travelled Saint Hill Road on foot and by car many times. I can't imagine the dangers it would pose in having 600 or more cars on that narrow road vying for a spot at the same time. I think, for safety, it would be wise to turn down this application for development in the area.
