Dear Joanne Fisher,

RE: **DM/26/1994 – Robinshaw Haywards Heath Road Balcombe Haywards Heath West Sussex RH17 6NJ.**

Thank you for your consultation on the above site. We have reviewed the application and information relating to drainage and flood risk and wish to make the following comments.

The applicant is applying for the proposed demolition of part, along with a side extension and new first floor to create a two-storey dwelling.

Following a review of the submitted information and due to the site, size, location, and type of development **we have no objection on surface water and drainage grounds.**

Informative:

The applicant should consider the use of SuDS (such as rain gardens or water butts), where possible, within their drainage strategy to provide runoff betterment.

Yours sincerely,

Flood Risk and Drainage Team
