TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	No
Are you wishing to carry out works to tree(s) in a conservation area?	Yes
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	We are applying to install a root barrier at the edge of the tennis court to prevent any potential/further root damage to the courts. Foreman Tree Surgeons will dig a trench 8 metres long and approximately 70cm deep. This will then be lined with a specialised root barrier and backfilled with the soil removed. They will use a small excavator to remove the soil and compact down after the barrier installation. A location map is attached.

Additional Information

ADDITIONALINFORMATION	
For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	2025 Tree Location Map.pdf (download)
For works to trees covered by TPO	
	The oak tree is located within the boundary of the tennis courts at East Court. Following the report of some areas of subsidence on the tennis courts, we instructed our arboriculturist from David Archer Associates to inspect the tree to determine if the tree roots are causing the subsidence.
