I am writing to object to the application by Naked Farm for a certificate of lawfulness in relation to the proposed development of a slaughterhouse.

I am concerned that granting a certificate of lawfulness in this case would mean the proposed use of the site as a slaughterhouse could go ahead without the usual planning process and the opportunity for local residents to properly consider and comment on the proposal.

In my view, the proposed use of the land as a slaughterhouse would represent a significant change from its current use. I therefore believe that this proposal should be subject to a full planning application, rather than being dealt with through a certificate of lawfulness.

If Naked Farm wishes to proceed with the development, I believe there should be an opportunity for the Council and local residents to properly consider the potential impact of the proposal and for any relevant objections to be taken into account through the normal planning process.

For these reasons, I ask the Council to refuse this application for a certificate of lawfulness.

Kind regards,
