Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Padel is a fast growing sport that caters for all ages, abilities & provides a good social community. The current sites are oversubscribed & many are outside thereby limiting use. This application would address both above issues providing more courts and all year round use, being an inside facility. The building is in keeping with the surrounding premises and would not appear to create any noise issues as there is no residential areas nearby. In addition, it offers a sports facility to the

local businesses on their doorstep & good transport links for the general public.

I fully support this application, believing it would be an asset to the Burgess Hill community & I would look to play here on a regular basis especially with the additional facilities on offer.

Kind regards
