Dear Scott

I have now added the Amended Plans to this application, and changed the description of the application to read:

‘Proposed single storey rear and side extension following demolition of existing rear storage projection. Side facing dormer to existing converted loft space with solar panels to the flat part of the roof. Amended Plans received 20.08.2026 showing addition of air conditioning unit on flat roof.’

I shall arrange for the readvertisement of the application.

Please can you also provide manufacturers details to include the product name, type and noise output of the proposed air conditioning unit? I shall be consulting the Environmental Health Officers regarding possible noise issues.

Thank you.

Regards

Anna

Hello Anna,

The applicant requested adding an AC unit to the proposal which I have included this and shown it on the proposed plan.

While making the update I realised that I had left off an existing rear facing window from the existing and proposed elevations - please see also find attached the correction.

Please can you kindly accept these plans and upload them to the planning register for consideration.

Many Thanks,

Scott Ellisdon
