Why buy me

- Efficient 9,000 BTU cooling ideal for **rooms up to 25 sqm.**
- **4-in-1 Comfort:** Enjoy year-round comfort with dedicated cooling, heating, dehumidifying and fan modes.
- **Low Energy A++ Rating:** Digital Inverter technology prevents wasteful stop-start cycles to keep your energy bills low.
- **DuraFin+ Protection:** Corrosion-resistant outdoor coil is designed to resist rust and withstand harsh UK weather conditions.
- **Auto Clean & HD Filter:** Dries out the internal unit automatically to stop mould, while the washable filter traps pollen and dust.
- **Good Sleep Mode:** Intelligently adjusts temperatures to match your sleep stages, saving energy while keeping you comfortable.
- **24-Hour Timer:** Program your heating and cooling schedules around your day using the included remote control.
- **Whisper-Quiet Action:** Runs as quietly as 28 dB(A) on low settings so you can sleep or work without distraction.
