Address: 84 Cedar Avenue Haywards Heath

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the 5g mast being installed for the following reasons: -The negative impact it would have on the appearance of the area and surrounding countryside. - The size and design would be an eye sore - Loss of important trees

- Noise from the mast or supporting structures; fans etc
 - Possible health risks with the radiation from the 5g mast.
 - No benefit or improved phone signal to any local residents and a minimal amount only for train passengers for a matter of moments.
-

Kind regards
