Haywards Heath West Sussex RH17 7NH
Attachments: ufm49_Internal_Consultation_Memo.pdf

Dear Joanne,

Thank you for consulting the flood risk and drainage team on the above application.

We have no objection to the proposed development on flood risk grounds.

We have reviewed the information submitted, and due to the scale of the proposed development, we recommend the condition below is utilised.

Condition Recommendation

C18D

The development hereby permitted shall not commence unless and until details of the proposed foul and surface water drainage and means of disposal have been submitted to and approved in writing by the local planning authority. The building shall not be occupied or brought into use, until all the approved drainage works have been carried out in accordance with the agreed details.

Reason: To ensure that the proposal is satisfactorily drained and to accord with the NPPF requirements, Policy CS13 of the Mid Sussex Local Plan, Policy DP41 of the Pre-Submission District Plan (2014 - 2031) and Policy ...'z'... of the Neighbourhood Plan.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
