Dear Mr Jones,

I refer to the above planning application recently received by the LPA. I note the application is marked as '*retrospective*' but also that you have ticked on the application form that the works are yet to commence. Can you confirm the situation please and if the works have been completed when they began and finished please?

I also note the building is listed and therefore as there have been works to the fabric of the listed building Listed Building Consent will also be required for the development. Can you confirm whether you have made or intend to make a Listed Building Consent application please?

I look forward to hearing from you.

Kind regards
