Dear Ann,

Re: Church of Scientology (CoS) and East Grinstead Rugby Football Club

It has recently come to my attention that protesters are raising issues with the annual international gathering at CoS this October, I believe.

In past years our club has supported the church at the time of this gathering by providing additional parking spaces and access to our grounds.

We have always supported the CoS events and have seen the efforts they make to support the community via these events and their annual charity concert.

In past years we have been approached by a protesting group that has made a nuisance of itself leading to us banning them from our grounds and seeking security staff to ensure they have no access.

Their presence has also caused us to restrict access to our grounds for media companies wishing to sensationalise any protest against the CoS.

Can I close this letter by saying that we have a policy of being a good neighbour and we have always seen this reciprocated by the team at the CoS

Your sincerely

Chairman East Grinstead Rugby Football Club

East Grinstead Rugby Football Club Limited, The Pavilion, Saint Hill Road,

East Grinstead RH19 4JU
