What was the original application type?

Householder planning permission

For the purpose of calculating fees, which of the following best describes the original development type?

- ☒ **Householder development:** Development to an existing dwelling-house or development within its curtilage
- ☐ **Other:** Anything not covered by the above category

Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

change of roof material to new rear extension from zinc standing seam to dark grey slate effect tiles
change of window frame colour from dark grey to black

Please state why you wish to make this amendment

change of roofing to be more compatible with the main house roofing material
change of window frame colour;
black windows are already present on several properties in the surrounding area, so the change would not be out of keeping with the local context.
The visual difference between anthracite grey and black is minimal, especially from a distance, and won't materially alter the external appearance.
black provides a more neutral and timeless finish that complements a broader range of materials.

Are you intending to substitute amended plans or drawings?

If yes, please complete the following details

Details of the pre-application advice received

no advice received to date from LPA despite many requests, advised awaiting response from outsourced drainage consultants, indications are that rear extension is acceptable

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
