Reasons for comment:

Comments: I fully support this proposal and urge the council to approve it.

This development would provide a safe, inclusive space for young people to meet, socialise, and engage in positive activities. In a time when mental health challenges among youth are rising, having a dedicated environment like this is essential. It would help

reduce isolation and anti-social behaviour while promoting wellbeing and community connection.

The proposal also presents a valuable commercial opportunity for small local businesses. By encouraging footfall and creating space for cafés, pop-ups, and events, it would support entrepreneurship and strengthen the local economy.

Overall, I believe this is a forward-thinking initiative that invests in the wellbeing of our community and the vitality of our town. I strongly support its approval.

Kind regards
