Reasons for comment:

Comments:	I am writing to object about the proposal to erect a lit advertising board at the whitemans green Esso petrol station. Myself and my young family live directly opposite the proposed site and my three year old sons sleeps in the front bedroom facing towards the petrol station, as does my six year old daughter who's room is the loft room at the front of the property. Having a lit advertising board will cause us not only an unwanted eyesore to look at from our property but also will mean this will potentially disrupt my children's sleep if an illuminated board is shining towards their bedrooms. We don't see the need for an illuminated advertising

board, and don't see other than for profit purposes for the petrol station how this would benefit the local community and would definitely disrupt our family life within our property. Therefore we would strongly object to this proposal. Many thanks for your time.

Kind regards
