Good afternoon,

I'm writing to express my objections to the latest Fairfax proposal, applications DM/23/2866 and DM/23/2867.

The traffic is already awful - the roads simply can't take the additional traffic.

The proposed site is beautiful, where we enjoy walking our dog. The continued degradation of the local natural landscape and impact on wildlife / bio diversity is both frustrating and upsetting.

The proposal simply isn't sustainable, both in an ecological sense but also in terms of local services.

My address is:
6 Percy cottages
London Road
Cuckfield
RH17 5EP

Many thanks,
