Reasons for comment:	
Comments:	We would like to say what excellent work has been done to improve Marlow House. We remember when it was very run-down, un-loved and in need of significant improvement. The work done has been exceptional and carried out to a high standard and in a way that is sympathetic to both the High Street and the character of the listed buildings which form it. The landscaping and the works to the rear of the house are also of an equally high and excellent standard, and the development has only enhanced

the look of the backs of our terrace of houses as we look at them from the rear. We really like the design of the rear which blends well with the historic character of the house.

This is an exemplary renovation: it has significantly enhanced our stretch of Lindfield High Street and we approve of it.

Kind regards
