11 Copestake Drive
Burgess Hill
West Sussex
RH15 0LD

Date: 7th May 2025

Dear Ms Irene Fletcher

Application No. DM/25/1089
Proposal: Lime Tree fell
Location: 1 Gerald Close

We fully support the application to fell the lime tree on the property of 1 Gerald Close, Burgess Hill.

We have lived in Copestake Drive since 1979 and over the last 10 years or so the tree has continually caused us problems. For a couple of months of the year our drive is covered in sticky honeydew sap causing us to park on the road. Also, it sheds many branches and twigs in the winter and especially windy conditions again forcing us to park our car elsewhere. Even now there is a large bare branch evident that would cause a fair amount of damage to anyone or anything underneath it when it falls.

[REDACTED] it is vitally important that we park as close to our house as possible and when we are forced to park on the road there is no guarantee that we can park outside our house.

We read, with climate change, many large trees come down and as this tree is on a bank facing our property there is every chance it would fall on our house and the house next door (No. 9).

As someone who actually lives next to this tree we totally support this application.

Kind regards

[REDACTED]
