Company	No Agent
Address	No Agent
Phone number	No Agent
Email address	suzannahpriest@yahoo.co.uk

Tree Location

Tree Location	
Do all trees stand at the applicant address?	Yes
Full address/location of the site where the tree(s) stand	
Location Description	

Ownership of Trees

Label	

Is the applicant the owner of the trees?	Yes
Owner Details	
First name	
Last name	
Phone number	
Email address	
Address	

TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	No
Are you wishing to carry out works to tree(s) in a conservation area?	Yes
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	1. The Turkey Oak Tree at the foot of the garden - I would like to reduce by 30%. 2. The Gleditsia Tree to the left hand side of the house - I would like to simply remove the dead and unhealthy limbs in an attempt to make it healthier. 3. Removal of the fir trees alongside the house, to the left hand side. Over the last few years these trees have started to cause problems, ultimately ending up with limbs falling in the road in the high winds this week and effecting the over head power cables. * the tree closest to the house has had to be cut back as it was taking tiles of the roof and causing damp inside he house * recent storm damage to the tree has pulled electric lines away from the house and caused power cuts * the trees interfere with the over head cables in and high winds effecting power to the house * over the past year 3 limbs have fallen in the road and blocked the road * due to cars parking opposite the trees and the narrow width of the road, the trees have become very damaged with the tractors/trucks trying to get past * because of the nature of the trees emergency cutting back and removing broken limbs (safety reasons for road users and over head cables) and damage makes the trees look awful as they do not re grow. Due to dangerous limbs and the trees interfering with the overhead cables I have had to carry out some emergency work and remove some limbs but ultimately I would like to remove the trees. I am very happy to replace the trees with 2 silver birch trees. 4. I would also like to tidy up/remove the dead parts of the hedge at the front of the property (in front of the fir trees) and replace with a native hedge - happy to be advised but would like a good screen from the road - cherry laurel/hornbeam?

Additional Information

ADDITIONALINFORMATION	
For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	KF Trees.pdf (download)
For works to trees covered by TPO	
Please provide a reason why you wish to perform these works	none of the trees have TPO's
Condition of the trees(s)	No
Advice/Diagnostics	
Alleged damage to property	No
Report/Evidence	
Are you providing separate information?	No
Please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application.	

Authority/Employee

Label	
With respect to the Authority, I am	none of the above
Please provide details of the name, relationship and role	

Declaration

Label	
Signed - Applicant	Suzannah Priest
Signed - Agent	I dont have an agent
Date	2024-10-25
