Dear Mel and Adam

You will have received the attached Decision this afternoon for application DM/25/0785. As I advised you earlier this week my recommendation was to refuse the application.

I have also written a recommendation report for DM/25/0784, but this has not been signed off by my Senior Officers today, as they are concerned that:

- the application description does not clarify that the works have been completed and that the fencing is retrospective.
- the fencing types/heights/positions erected at the site do not reflect the details shown on the submitted plans.

For your assistance I will forward on photographs to show the various fencing types and their positions. I have been asked to request amended plans to correctly show the fencing, as it has been installed, before a decision can be considered. Please can you confirm that you will provide such plans and a likely timescale for their submission?

Thank you

Regards

Anna
