Reasons for comment:	
Comments:	Whilst I support the application, it is unclear as to why the proposal of works to the footpath stops at the entrance to Eastbridge Avenue and doesn't extend further along Freek's Lane

to the entrance of Maple Drive. The footpath here is in need of widening and creation of an adequate path. It frequently floods and is very muddy. Many from the development use this path for the school run daily to Sheddingdean primary school. There is also no lighting so it is extremely dark in the evenings. If works are proposed for Freek's Lane already, they should extend to this part as well.

Kind regards
