Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

Important - Please note that:

- This application is specifically for a 'larger' single storey rear extension to a house, and the questions below are particular to determining the eligibility of proposals for this extension type.
- Other kinds of home extensions do not use this 'prior approval' process and should not be applied for using this type of application.
- There are additional permitted development conditions that apply to all home extensions which are not covered in the questions below, [they can be reviewed in our common projects section](#). If your proposals do not meet these conditions, it is advisable not to continue with this application.

Please indicate the type of dwellinghouse you are proposing to extend

- ☐ Detached
- ☒ Other

Will the extension be:

- a single storey;
- no more than 4 metres in height (measured externally from the natural ground level); and
- extend beyond the rear wall of the original dwellinghouse (measured externally) by over 3 but no more than 6 metres.

Note that where the proposed extension will be joined to an existing extension, the measurement must represent the total enlargement (i.e. both the existing and proposed extensions) to the original dwellinghouse.

- ☒ Yes
- ☐ No

Is the dwellinghouse to be extended within any of the following:

- a conservation area;
- an area of outstanding natural beauty;
- an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- the Broads;
- a National Park;
- a World Heritage Site;
- a site of special scientific interest;

- ☐ Yes
- ☒ No

Declaration of Proposed Works

Description of Proposed Works

Please describe the proposed single-storey rear extension

The proposal is for a single-storey rear extension measuring 5.96 metres in depth and a maximum height of 2.97m. This extension is designed to complement the existing house and neighbouring houses.

Materials

- The extension will be constructed using matching bricks to ensure consistency with the existing façade.
- External features, including windows, guttering and fascia, will be finished in white PVC in line with the existing house and neighbouring properties
- The flat roof will be finished with durable felt

Scale and Layout

- The rearward projection ensures minimal impact on the streetscape with the removal of the existing old prefabricated concrete garage with a maximum roof height of 3m and a volume of 40.2m³, improving the outlook for the neighbours and streetscape

Impact

- The single-story extension has a low-pitched flat roof to reduce the overall height of the extension and is kept off the boundary line to minimise the effect of overshadowing and disruption throughout the construction process

Overveiw

This proposal embodies a careful balance of functional expansion and architectural sensitivity. The use of matching materials and sympathetic design ensures that the extension integrates sympathetically with the existing building and the wider context of the neighbourhood.

Measurements

Please provide the measurements as detailed below.

Where the proposed extension will be joined to an existing extension, the measurements provided must be in respect to the total enlargement (i.e. both the existing and proposed extensions) to the original dwellinghouse.

How far will the extension extend beyond the rear wall of the original dwellinghouse (in metres, measured externally)

5.96	metres
------	--------

What will be the maximum height of the extension (in metres, measured externally from the natural ground level)

2.97	metres
------	--------

What will be the height at the eaves of the extension (in metres, measured externally from the natural ground level)

2.97	metres
------	--------

Adjoining premises

Please provide the full addresses of all adjoining premises to the house you are proposing to extend. This should include any premises to the side/front/rear, even if they are not physically 'attached'

Declaration

I/We hereby apply for Prior Approval: Larger home extension as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;

- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Joseph Willmott
