Good Morning Sue,

In light of the information provided, yes I am happy for the access condition to be removed. I would advise that the below informative be applied if permission is granted:

Vehicle Crossover – Minor Highway Works

The applicant is advised that in addition to obtaining planning permission that they must also obtain formal approval from the highway authority to carry out the site access works on the public highway. The granting of planning permission does not guarantee that a vehicle crossover licence shall be granted because the highway license process considers wider factors than are considered by the Highway Authority at planning stage.

Additional information about the licence application process can be found at the following web page:
