Dear Deborah,

Thank you for consulting the Flood Risk and Drainage Team on the above application.

The application has undergone an initial review, and it is unclear if the proposed driveway will be **permeable** or **impermeable**?

Once the required information has been received, we will be able to comment further.

Receipt of the requested additional information does not mean further information will not be requested, nor does it guarantee that the Flood Risk and Drainage Team will not object to the development. Neither does it prevent the team from recommending a flood risk or drainage condition.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
