Reasons for comment:	
Comments:	We are the owners of number 1 Colwell close and our wall boundary backs onto the Colwell Road. Right opposite where your proposing the works. I would like to know how tall this fence will be and where it will be located? Will this back onto our view from our rear bedroom window, we feel this may obstruct the view of

the lovely trees and wooded area.

I would also like to comment on the several times this summer we had extreme noise disturbance during the day from one of the patients who seemed to be left alone outside in their premises . If you are building a new external area please can you tell me how this may affect neighbours with noise?

Kind regards
