Hi Steve

Thank you for your email. I hope you had a good weekend.

With regard to the renewables condition, on the previous application LGW5414 (DM23/0676), they had mentioned the possibility of installing solar panels, but I couldn't find mention of that under these proposals and the two buildings are relatively small. However, it would be better to be consistent between these applications and add the condition, if it's not too late?

Thank you for bringing this to my attention it's much appreciated.

Please accept my apologies for the delay in replying.

Best Regards Mandy

Hi Amanda

Hope you're well.

I've been waiting for additional comments from another consultee regarding this application, which have now been received. As such I'm just writing up the report for this reserved matters application.

Looking back on a previous reserved matters application at this site (our reference DM/23/0676), you recommended a condition regarding the submission of details regarding any renewable energy scheme in your consultation response of 22nd January 2024 (your ref LGW5414).

Can I just double check that you do not want this condition on the current reserved matters application DM/24/2622 please.

Regards

Hi Steven

I hope all is well with you.

Further to your email/letter dated 28th March 2025 regarding the above mentioned planning application, please find our response attached.

If you have any queries please do not hesitate to contact me.

Best Regards Mandy
