Reasons for comment:

Comments:	I am writing in full support of the application to fell the three trees in my neighbour's garden.
-----------	---

As the adjoining neighbour, I have experienced ongoing issues caused by these trees. Dead branches regularly fall into our garden, which has resulted in damage to our shed and the fence line. This also raises a continuing safety concern, particularly during periods of high winds or bad weather.

The trees also significantly reduce the amount of natural light

reaching our garden and adjoining area of the property. Their removal would therefore materially improve amenity for neighbouring residents, as well as reduce the risk of further damage.

For these reasons, I strongly support the application and hope it will be approved.

Kind regards
