Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Any new boundary needs to be human friendly. This is a nasty corner where the footpath is too narrow and traffic speeds past. There has already been an elderly couple badly injured on this path by speeding traffic. The footpath needs widening and any fence needs to be designed to protect the pedestrians, not something that will slice someone up if pushed into the fence by a vehicle.

Kind regards
