Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	It is arrogant and naive to believe the glossed over manipulated plans of this development, will not have a detrimental affect on the traffic, highway safety and subsequent vehicle pollution, on an area already congested with vehicle movements and high pollution levels. The proposed development would result in an intrusion of the countryside, with a grave loss of farming land in an area steeped in history, with bordering ancient woodlands and historical farm buildings.

I have concerns over the negative impact to the rich and diverse nocturnal wildlife in this area, from the affects of any light pollution spilling over from the lighting of the proposed sports facilities development.

Kind regards
