| Comments:            | I have no particular objection to the extension.<br>However, I note that as part of the plan, the existing garage, which currently forms our common boundary is to be demolished, which will impact my privacy and security. I therefore request that a replacement boundary of equivalent standard (height, transparency, durability, etc.) is provided as a condition of this development and that any damage caused by the development on my property during demolition of the existing |

garage or the construction of a new boundary is remedied by the developer.
