[REDACTED]

Good Evening

I object to this application for the following reasons.

Reeds Lane is already a busy Road and does not need further traffic on a Lane that was built years ago for minimal vehicles, more traffic means the more accidents

The ground is already struggling to cope with the houses as it is, further drainage for water and sewage is not feasible

The countryside is slowly being eroded, the deer are finding less and less places to live and other wildlife is dwindling

There has been several building developments in the area, most recently the properties opposite Chesapeke, how many more must there be in such a small area??
