Are you seeking consent for works to tree(s) subject to a TPO? ☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

If you know which TPO protects the tree(s), enter its title or number below.

--

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

I ask that a felling order be sent to the owner of the six (apx) dead conifer trunks, which he had previously agreed to undertake.

This work, plus removal of his two large holly trees was reconfirmed by him by telephone and confirmatory SMS texts on 27Nov2024. No work has been done to date.

See "Additional Information" document for details of telephone and email communication since 27Nov2024.
