Dear Mr Oberholzer,

I am writing with regards to the above discharge of condition application.

It is noted that application makes reference to conditions of two separate permissions, which would need to be submitted as separate discharge of condition applications and cannot be submitted under one application.

Works are currently being carried out on site and the two permissions DM/23/2544 and DM/25/0233 (subsequent S.73 application) approved different sets of plans and only one consent can be implemented.

Please confirm which permission is being implemented and which corresponding conditions you wish to continue to be considered under the current application.

Kind Regards
