Subject: Re: Objection to the 'Country Park' or 'Parkland Reserve' between Cuckfield and Ansty

[REDACTED]

To whom it may concern in the planning team.

With regard to the Fairfax development for Country park / parkland reserve - I would like to strongly object to this proposed Fairfax development proposed to the area between Cuckfield and Ansty.

I am a local resident, and the grounds for this objection are simple: the devastating impact on the local landscape and wildlife. Cuckfield has already been developed significantly over the last 10 years, and the extraordinary volume of additional traffic it will undoubtedly create (in an extremely busy area).

In addition - what on earth is the need for a "Country park" in an area of existing beauty, fields, and countryside. We are not, nor wish to be a city where a "country park" might form an attractive part of a development - it's wholly irrelevant, and indeed not required - in our situation. For these reasons, I strongly object to Fairfax's "Park" and "Parkland" plans/ applications.

Many thanks,
