Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I have lived in this town for 23 years with access to GPs, be able to park in town, park outside my house and walk my dogs over the local fields. More and more houses have been built already, meaning pressure on GPs, QV hospital, parking in town and not to mention spending 2 days trying to get my prescription from the one and only pharmacy in town, boots. The land these houses are planned to go on is waterlogged most of the time, Dunnings Road is always flooding when we have heavy rain, the stream is full of dumped waste, never cleared and has been known to burst, the

road surface itself has many potholes, so having another 88 plus cars on that little road is unacceptable. I would like to know what measures have been put in place to address these issues.

Kind regards
