Hello Anna,

In response to the above letter, please find attached updated sheets with product references as requested for cladding materials, roofing materials and landscape materials.

Regarding soft landscaping, we are not proposing anything new, rather relocating and replanting existing species.

Regarding the internal door, we are seeking to re-use / re-purpose the below timber twin leaf doors (removed and protected prior to commencement of works).

Please can you confirm that the above and attached satisfies the final queries outlined in your letter?

Many thanks,
