Dear Stephen,

Thank you for the email with the additional information.

I have been able to speak with our Tree Officer this afternoon regarding this application. In order to fully assess the application, please can you confirm if the tree will need to be removed in order to accommodate the works?

If the tree is to be retained then we will require details of the protection measures that will be put in place. This should take the form of an Arboricultural Impact Assessment and Tree Protection Plan.

Kind regards,

Caroline

Good Morning Ms Grist

Re:- Application No. DM/25/0337.

2. Hatchlands, Cuckfield, West Sussex. RH17 5LS

I note from the planning portal that the Council's arboriculturist has enquired about the tree within the apron enlargement area.

It is a Hawthorn, the applicant has stated that it is possibly diseased, due to it producing a liquid/ slime during the summer months.

If you have any further comments or queries, please do not hesitate to contact me?

Yours Sincerely

Stephen Thorne
