Reasons for comment:	
Comments:	Still got a park that has been there for 3 years that hasn't been finished. There was meant to be a new school to support all the houses that have been built on this development however that is now not happening and as a result of that there have been children in copthorne turned away from their first choice of school in Copthorne. Building even more houses and not having the doctors

and schools to go with these doesn't make any sense.
Instead of houses we need a convenience shop, a doctor's and a
school and keep some land protected for nature.

Kind regards
