Reasons for comment:	
Comments:	I don't believe the infrastructure is anywhere near being in place to support this application. The village already struggles with water supply, power supply and traffic management.

Adding more houses to the problem without responding to issues we are already facing is nonsensical.

On top of power, water, and traffic problems - I don't believe there are any spaces in local schools. Other local public services are stretched.

I'm not sure destroying more green land from an area of natural beauty is a sensible decision. Especially so close to the A23.

Kind regards
