Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: We are struggling in Turners Hill and Crawley Down with local amenities for residents already. The local Doctor surgeries are full and can't cope with patient lists already, primary schools are full,

not enough dentists. The local infrastructure is at breaking point and a development should not be allowed or even considered unless a school and doctors surgery is a stipulation of planning at the very least. Fields being given up to development is already putting a strain on homes for wildlife and we are seeing many more accidents due to the over population of deers spilling out across the roads to find food. Our roads are already in a state big potholes with the volume of traffic and cannot cope with more vehicles. This should not be granted purely on insufficient infrastructure in local area.

Kind regards
