Comments Details

Comments:	Balcombe Parish Council noted that key documentation appears to be missing from the planning portal, including a decision notice for the previous application, DM/24/2404, which makes it difficult to fully assess the current variation request. In addition, the submitted plans do not include dimensions indicating the proposed new roof height, which the Council considers essential for evaluating the visual and spatial impact of the changes. The Council also wishes to emphasise that any additional space created by this variation should remain strictly for storage purposes and ancillary to the main dwelling, and not be used as residential accommodation.
