Hello,

I am an Ansty Parish resident and would like to register my support for planning application at Land Parcel At, Bolney Road, Ansty, West Sussex under DM/26/0454.

The village depends on families staying local, but there simply aren't enough 2-3 bedroom homes for people trying to remain here. This development will give existing residents and future generations a realistic chance to live within Ansty rather than having to leave the community they grew up in.

I strongly support the application and hope it progresses.
