Hi Anna,

Thank you for further re-consulting Place Services on the above application.

We highlight that no additional ecological information has been submitted, other than a response from the NatureSpace Partnership concerning Great Crested Newts.

Therefore, we have no additional comments and our response dated 3rd July 2026 for no ecological objection subject to conditions remains valid.

Please do not hesitate to contact us if you have any queries in relation to this advice and feel free to include this email on the planning website.

Kind regards,

Hamish
