Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The beautiful tree lined village of Hassocks on the edge of the South Downs, close to so much natural beauty DOES NOT need a 5g tower. This would ruin the reputation and feel of such a lovely, nature loving village. The council can not 100% assure us that there will be no detrimental health effects including on the wildlife.

The negative impacts of the tower on health, traffic, house prices and losing potential visitors enormously outweighs the need for it. Please stop these companies from using Hassocks as a dump site for technology.

Kind regards
