

Application reference: DM/25/2875

Site Address: 2 Preston Cottages, Slaugham

Site Visit Date: 20.11.2025

North – Adjoining semi immediately to the north of the site which appears to have been extended through the addition of a two storey rear extension.

South – Neighbouring grade II listed building which features a terrace of cottages of a traditional design and appearance. Tile hanging is featured throughout the principal elevation at first floor level.

East – Rear Garden amenity space which stretches back with some mature vegetation and tree planting.

West – Existing rear elevation which features an obscure glazed window with some brickwork detailing above. The neighbouring dwelling rear elevation steps into the application sites rear garden amenity space with the neighbouring side and rear elevation forming the boundary.

Streetscene – Tile hanging features at first floor level at both the application site and the neighbouring listed cottages to the south. Properties are positioned generally within a close proximity to the roadside edge with front gardens typically abutting the highway.
