Reasons for comment:

Comments: Dear Mid Sussex
I am writing to express my full support for planning application DM/25/0090 for the proposed equestrian facilities at Eastwood Farm. As a business owner in the equestrian industry and someone who operates a facility locally at Hascombe Farm, I understand the importance of well-designed, high-quality

equestrian infrastructure.

This proposal strikes the right balance between practicality and thoughtful design, ensuring the land is used efficiently while maintaining a high standard of aesthetics and sensitivity to the landscape. The buildings and facilities have been carefully positioned to make use of the natural land levels, keeping them well integrated into the surroundings. The existing woodland provides a natural screen, meaning there will be little to no impact on the wider area.

Beyond the design, this project will provide a much-needed, professional training base for Luca Cullum a talented young showjumper who is already competing at a high level. Having access to a purpose-built facility

Kind regards
