Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this development because the site is entirely within the High Weald National Landscape (previously known as the High Weald Area of Outstanding Natural Beauty). If permitted it would set a precedent that would allow the Southern boundary of East Grinstead to creep southward, eating into the National Landscape. That would be contrary to the concept of a National Landscape, which is defined as a protected space where (by the Government's own definition) conservation and

enhancement of the landscape is given high priority.

A development of 44 houses would neither conserve nor enhance the landscape in this area.

Kind regards
