Dear Mr. Watt,

Re: Application Reference: DM/25/2223 Juhring And Hobbs Field At Saint Hill Manor Saint Hill Road East Grinstead

I am the President of AIDO Network International, an African development organisation (www.aidonetwork.org), and have collaborated with the Church of Scientology for many years. Several of their members made valuable contributions to an international conference we hosted just over a week ago, and we have worked closely together over the years to promote human rights education and drugfree world .

I am writing to express my support for the Church's international annual gathering in October. My wife and I have attended several of these events over the years, and we've always been impressed by the attendees, the excellent organisation, and the magnificent tent where the main event is held.

In my experience, the Church has consistently worked hard to maintain positive relations with the local community and its neighbours. This event brings a significant boost to the local economy, with thousands of people staying in hotels, shopping, dining at restaurants, and more. I've always found the attendees to be incredibly friendly and respectful.

My wife and I look forward to attending this annual gathering for many years to come.

Yours sincerely
